

The background of the slide features a close-up, high-angle shot of two pieces of ribbed fabric. One piece is a vibrant yellow, and the other is a deep blue. They are draped and folded, creating a sense of texture and depth. The lighting is soft, highlighting the fine details of the knit pattern.

# Eclat Primefit Zero

Longer lasting stretch. Zero spandex.

This material's fine furrow structure is composed of highly compressed strands of flexuous yarns.

They maximize its stretch and inhibit the loss of elasticity.

Primefit Zero is the performance essential. It features much-needed functions for rapid motion. And has a smooth yet muted natural appearance fitted for tops.
